

NOTICE TO CONTRACTORS

Date: November 26, 2007

Subject: Electrical Code

As of January 1, 2008, the Marco Island Building Department will be enforcing the 2005 National Electric Code, Articles 410:73G (disconnect switches for fluorescent lights – commercial) and 210:12B (arc-fault protection – single family and multi-family).

These sections were added to the 2005 NEC effective January 1, 2008.

Thank you,

**Robert Mahar
Building Official**
